**“MODERN ADVANCES IN CATARACT,
CORNEAL, AND REFRACTIVE SURGERY”**

by

Dr. Jorawer Singh, MD/ MS

Cataract, Cornea, and Refractive Surgeon at OCCR
Associate Clinical Instructor at NYU Department of Ophthalmology

A brief update on the State of Ophthalmology around the country, the world, and here at home in Albany. Will discuss current state of the art offerings in refractive surgery, to include LASIK and Phakic lens implantation, cataract extraction using Multifocal intraocular lenses, the role of femtosecond lasers in eye surgery, the early identification, management, and control of corneal ectatic disorders such as Keratoconus and current treatment options for presbyopia in middle aged adults.

Please RSVP for Seminar by October 4th
